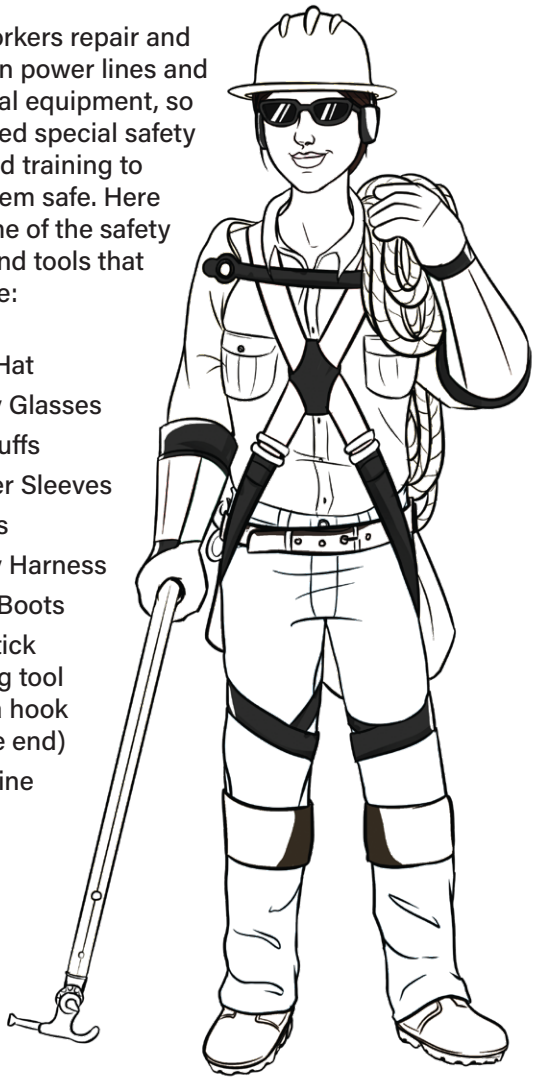
CELEBRATING WORKERS

Line workers repair and maintain power lines and electrical equipment, so they need special safety gear and training to keep them safe. Here are some of the safety items and tools that they use:

- Hard Hat
- Safety Glasses
- Ear Muffs
- Rubber Sleeves
- Gloves
- Safety Harness
- Work Boots
- Hot Stick (a long tool with a hook on the end)
- Handline (rope)



Remember, never play near power lines or electrical equipment.

ELECTRIC POWER WORD FIND

Can you find all of these electric words?

POWERLINE SAFETY MAZE

Never go near damaged or downed powerlines, they are extremely dangerous.

Can you get through this maze while staying away from them?
